WORKSHOP ON BASIC & ADVANCE COMMUNICATION SKILLS IN PALLIATIVE CARE

DESCRIPTION

This workshop is aimed at developing and enhancing communication skills in palliative care. The workshop will be interactive, with use of role plays, videos, small group works, interactive discussions and other teaching methods.

HIGHLIGHTS

- ✓ Basic skills will focus on interviewing skills, listening skills, breaking bad news, answering simple questions and providing information.
- ✓ Advanced skills will deal with complex and difficult issues like collusion, answering difficult questions, questions on spirituality and end of life care, communication with children and health professionals.

PROGRAMME

- ✓ Forenoon: Questioning and interviewing styles; listening skills, establishing rapport, breaking bad news, providing information, answering questions from patient and caregivers.
- ✓ Afternoon: Dealing with collusion, answering difficult questions, dealing with difficult situations like treatment refusal, denial, spirituality, and end of life care.
